BOARD EQUALIZATION

At its Initial Sessions Yesterday Morning and Afternoon - First Ward Property Visited During the Afternoon-Assessor Heiskell Appears Before the Board and Makes a. Statement Regarding Personalty Returns.

The city board of equalization and appeals held its initial session yesterday morning and afternoon, and it was decided to take up only the applications for changes in realty assessments, and to defer consideration of applications on personalty to a time to be decided upon later. At the morning session, a number of applications for real estate reductions were presented from the First ward, and these were duly considered, though some were laid over until the afternoon, when the board went to North Wheeling to take a personal view of the property in question As is usual, the action taken by the board on the applications considered is not made public at this stage, and will be withheld until the board's labors are concluded.

At the morning session, Assessor Heiskell, of the district north of the creek, appeared and explained how it was that there was such a falling off in personalty in his district. A bundle of personalty returns, he said, had been mislaid, and thus were not entered in his books. With the supplementary assessments he now offers, the decrease on personalty north of the creek is en-tirely wiped out. The board received the assessor's statement but laid the matter on the table temporarily, and will act in the premises after the appli-cations for reduction on real estate have all been acted upon.

DR. KILMER'S SWAMP-ROOT Is not Recommended for Every-

thing. But if You Have Kidney or Bladder Trouble it Will be Found Just the Remedy You Need.

the Remedy You Need.

Kidney trouble preys upon the spind! discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afficted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, and it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and it the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidney and bladder and not to a habit as most people suppose.

So we find that women as well as men

and not to a fault as men as well as men are made miserable with kidney and bladder trouble and both need the same remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet, telling all about it, including mady of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., mention the Wheeling Daily Intelligencer.

GIRDLED THE GLOBE.

A Soldier Visiting at Moundsville who Fought in Cuba and Philippines. Moundsville has within her gates to day a soldier who has seen active ser vice in both Cuba and the Philippines and who participated in the now fa-

mous engagements at El Caney and San Juan, says last evening's Mounds ville Herald. He is Sergeant John A. Brinkmier, o

He is Sergeant John A. Brinkmier, of Company E. Fourth United States Infantry, who is the guest of his brother, Theodore Brinkmier.

He went to Cuba with the first army of invasion and participated in the fighting at El Caney and San Juan and at the siege of Santiago.

He then came back to the United States on a sick leave of one month, but soon afterward enlisted for the campaign in the Philippines and sailed from New York, going by way of the Suez canal and landing in Manila March II, of this year.

He participated in the fighting with the insurgents from March 25 to June 3, when he was given an honorable discharge, and at once came to San Francisco by government transport and thence across the continent home, thus completing his journey around the world.

Mr. Brinkmier says the soldiers are

Mr. Brinkmier says the soldiers are Mr. Brinkmier says the soldlers are generally satisfied with General Otis' management and thinks that a great deal of unjust criticism is being indulged in by papers at home. He says the fighting might be pressed much harder, but it would be at the risk of far greater loss of life among our boys from many causes. The nature of the country makes moving supplies slow work and great care must be taken to avoid surprises and ambushes. Otis believes in only such haste as will insure proper care for our soldlers in every way.

Loafers on Corners

To the Editor of the Intelligencer. SIR:—It is announced to the public by the chief of police that he has orby the chief of police that he has or-dered that all women known as "street-walkers and prostitutes" must keep off the streets of this city after sundown. As to whether he has such authority, the writer does not undertake to dis-pute, but the writer does know that the chief of police has authority to keep the corners clear for pedestrians. Loafers and toughs, such as you find every ev-eaing at Schnepf's, Goetze's and Kiari's corners are allowed to so congregate and obstruct the streets. It is impos-

"FAIR NEWS."

A New Publication Issued That is Devoted to the Interests of the West Virginia State Fair—A Creditable Publication.

Yesterday, the first issue of the "Fair News," a publication devoted to the in-terests of the West Virginia State Fair and Exposition, made its initial appearance, and to say that it is a creditable publication is merely stating a fact that is obvious upon a perusal of its attractive make-up. It is edited by Col Bert H. Swartz, of the fair's bureau of publicity, and that gentleman has done

himself proud in No. 1 of his publication.

The petition asking President Quarrier, of the chamber of commerce to call a meeting of that body on August 2, to make arrangements for a Merchants' Day in connection with the fair, is in circulation in the business district and is receiving a large number of signatures. The hope is expressed that the chamber of commerce officials will see their way clear to advance the business interests of the city and its greatest annual function by forwarding the movements or a Merchants' Day in connection with the fair.
